Damilola *Olowo*

UX/UI Designer

Abuja, Kaduna, Nigeria | 0904007185 | info@damidesigns.com | damidolowo@gmail.com | Portfolio: damidesigns.com

Professional Summary

Detail-oriented UX/UI Designer with over 2 years of professional experience driving the end-to-end design process for web and mobile applications. Expertise in user-centered design methodologies, comprehensive user research, and translating complex business requirements into intuitive, high-fidelity Figma prototypes. Brings a unique advantage with hands-on frontend development experience (HTML/CSS), ensuring all digital solutions are technically feasible, highly accessible (WCAG), and seamlessly handed off to development teams. Proven ability to thrive in fully remote, asynchronous, cross-functional global teams.

Experience

Lead UX/UI Designer | Sunflex Ride — Remote

January 2026 – Present

- Owned the end-to-end design process for user-centric web applications, from initial discovery and wireframing through to final high-fidelity interfaces using Figma.
- Leveraged AI-assisted tools including Claude and Figma Make/AI to accelerate rapid prototyping and explore design alternatives, carefully refining and editing outputs to ensure high-quality, user-centric results.
- Bridged the gap between design and development by delivering interactive prototypes, scalable component libraries, and developer-ready assets.
- Advocated for user-focused design solutions, ensuring pixel-perfect implementation and responsive web components using clean HTML5 and CSS3.
- Collaborated closely with project managers and developers in an asynchronous environment to continuously test and iterate designs based on user feedback.

UX/UI Designer & Brand Specialist | Tycoon — Remote

January 2026 – Present

- Designed and optimized responsive, cross-device web interfaces, focusing on intuitive user flows and adherence to best practices in visual design.
- Developed and maintained robust digital design systems, ensuring consistency and efficiency across all client deliverables.
- Translated complex Figma mockups into structured, semantic frontend code, collaborating smoothly with technical teams.

UX/UI Designer & Frontend Developer | WorkSyncAfrica — Remote

June 2026 – Present

- Led the design of web interfaces for a business applications platform, focusing heavily on user experience, accessibility, and smooth technical implementation.
- Conducted usability testing and translated findings into actionable design improvements for complex software solutions.

Projects

Lead UX/UI Designer | Agro Mark — Remote

November 2025 – Present

- Developed wireframes, interactive prototypes, and UI templates for a specialized agricultural web platform, focusing on solving specific user workflow problems.

Frontend Developer & UI Implementer | D.O. Naija Cargo

March 2026 – Present

- Built and deployed the frontend interface for a logistics and cargo tracking platform, integrating a React/Supabase backend while maintaining strict adherence to the original UI design.

Skills

UX/UI Design	End-to-End Product Design, User Research & Usability Testing, Wireframing, Rapid Prototyping, Design Systems & Component Libraries, Interaction Design, WCAG Accessibility
Tools & Technologies	Figma (Advanced, Design Systems, Figma AI/Make), AI-Assisted Design Tools (Claude, ChatGPT), Framer, Adobe XD
Technical Collaboration	HTML5, CSS3, JavaScript, Responsive Web Design, Design-to-Code Handoff, Git/GitHub
Workflow	Asynchronous Communication, Remote Collaboration, Cross-functional Team Leadership

Education

BSc Geography and Environmental Studies
Kogi State University, Kogi State | October 2015 – September 2019

Certifications

- Google UX Design Professional Certificate — Coursera
- Meta UI/UX Specialization — Coursera
- IBM Design Thinking Practitioner — IBM SkillsBuild
- UI Design, UX Research, Prototyping Certifications — Interaction Design Foundation (IDF)
- Adobe XD Essentials Certification

Languages

English: Fluent / C1 Level (Excellent written and verbal communication)
